Date: April 28, 2021
RE: School Reorganization Team - Meeting Summary #9

After the last meeting, team members submitted new model ideas for consideration. The group agreed that any proposals would keep the model intact for example, any further suggestions for model 3 would still need to have T-k 6s, one TK-8, one middle school, and one high school, but the locations of the schools and which schools made up the model could be changed.

In total, there were six new Model 3 ideas proposed and four new Model 4 ideas submitted. The purpose of meeting 8 is to listen and understand each of the new ideas presented. Each presenter was allowed to introduce their models to the group and give any background information about what informed the way they arranged their model.

You can find the ten proposed ideas in [this document](#) on our website. The team was allowed to ask clarifying questions regarding the new model proposals.

At the conclusion of the meeting, the authors of the new model suggestions were invited to reflect on their models, consider any changes or edits and, if desired, resubmit the model by Sunday, May 2, 2021, for review at the next meeting. The authors of the models can also pull their model from consideration if they choose. Those who did not author a model but may have ideas as a result of this meeting may also take the opportunity to submit model suggestions by May 2, 2021.

The team will review any new model proposals or edits at the next meeting. This meeting can be viewed in its entirety on our [YouTube](#) channel.
